Methodist Episcopal Conference. The members of the Conference assembled at 8 o'clock ceterday morning, Blahop Waugh presiding.

The proceedings were commenced by the Rev. Dr. Cory reading the 80th Paalm. After which a hymn was sung

nd prayer offered. The SECRETARY read the minutes of the last meeting,

which were approved.

The Rev. Dr Flor submitted the following resolution:

"The New York Goaference having heard of the death
of Rev. C. W. Carpenter, for many years the efficient Socretary of the New York Conference, record upon their
journal this tribute of affeationate regard for his memory,
and direct our Secretary officially to communicate to his
widew our Christian sympathy and condolence."
The resolution was adopted.

On motion, the following resolutions, which were on a
former occasion laid on the table for future action, were
new taken up for consideration:

Resolved. That the Bishop, with the aid of the presiding elders, be, and they are hereby, requested, respectfully
but earneatly, so to lay out the work and make the appointments that no preacher shall be set to any appointments where there is not a reasonable probability
that he will receive a comfortable support for himself
and family.

Bishop Sixteen said that the adoption of the resolutions placed him in an unpleasant and embarrassing position, for many would differ as to the amount of a comfortable support. In respect to the second resolution, while he had no desire to contravene its spirit, there were in this, as in other conferences, some places marked "preacher in charge," which he would be compelled, according to the discipline of the church, to provide for. The Rev E. L. James, Cheirman of the Committee on the "Sunday School Cause," presented the following report:—

the "Sunday School Cause," presented the following report:—
From the circular of the Sunday School Union, which
was referred to the committee, we have gathered the follawing statistical facts:—
1—That there has been an increase in all the deparments of Sunday School statistics for the year 1852, except in that of conversions, the number of conversions
being less by 1,314 than in the previous year. This is
the more surprising as there has been at the same time
an increase of more than 30,000 scholars and 1,179 Bible
classes.

classes.

2—That the amount raised by the conference for the Sunday School Union for 1852, was \$512 94, making an average of only fifteen mills, or a cent and a hair per

average of only inteen imms, or a cent axe a member.

This amount must appear entirely too small for this Conferer ce, when we consider its numerical and financial attength, and also the urgent demands made upon the Union by destitue schools, not only at home, but upon the aboves of the Pacific, and even in Germany.

This Conference, since its organization, has contributed to the funds of the Sunday School Grants of books. From the returns received at the present session of the Conference the committee report the statistics by districts, as follows:—

Your committee have reason to believe that in the rural districts of the Conference the practice of suspending Sunday School operations through the winter season prevails to an unnecessary extent, and is greatly detrimental to the success which legitimately belongs to this institution.

mental to the success which legitimately belongs to this institution.

In view of the above facts, and in consideration of the vast importance of the Sunday Schoel cause, we recommend the adoption of the following resolutions:—

Resolved, That we find grounds of thankfulness and encouragement in the general prosperity and growing influence of the Sunday School cause, as identified with the Methodist Episcopal Church

2.—Resolved, That, conscious of the entire dependence upon Divine aid for success in this department of Caristian effort, we sill in our pulpit ministrations, more frequently peay for Heaven's blessings upon the cause, and will seek to awaken in the church a more ardent and several spirit of prayer in its behalf.

3.—Resolved, That we carnestly recommend to the friends of Sunday schools in the country, not to discontinue them in the winter, at least not until it shall be found by faithful expriment that it is utterly impracticable to keep them in operation.

4.—Resolved, That the preschers in charge, who fail to make collections for the Sunday School Union the coming year, be requested in their returns to state the cause of the omission.

make collections for the Sunday School Union the coming year, be requested in their returns to state' the cause of the omission.

The report was accepted, and the resolutions adopted. On motion, Heary Hatfield was continued, and Daniel Robinson admitted in the Temperance Committee.

The Rev J. M. Pransy, from the Committee on the Temperance cause, reported as follows:—

That intemperance is the giant syll of the day, and the prolific parent of vice, pauperism and crime, no longer admits of doubt. It is equally clear that the traffic in intoxicating dinks, as sanctioned by law, is the great barrier to the onward progress of the temperance reform.

Therefore, recolved, That as ministers of the Gospel of Christ, recognizing the supremacy of God's law, we will, in our different fields of labor employ our influence in all prudent ways to score the passage of laws probibiting entirely the manufacture and traffic in intoxicating liquors as a beverage

Recolved, That as often as may be convenient, we will preach to the people of our charges on the subject of temperance, and in every suitable manner promote its interests within the sphere of our personal influence.

The report was accepted, and the resolutions alopted. CHARGES AGAINST REV. J. H. PERRY AND J. A. SILLION

The Rev. Mr. KENNADAY, from the cursuative to whom was referred the computant of they. J. A. Sillick against new J. H. Perry, and also the complaint of Rev. J. H. Perry segainst Rev. J. A. Sillick, respectfully reported that they met in accordance with their appointment, when, after a mutual and kindly interchange of explanations, the parties amicably adjusted their difficulties and with rew their averal complaints. The committee there fore request to be discharged, and recommend the passage of the character of Brother Ferry and Brother Sillies.

The chairman of the committee, Dr. Kennaday, stated in connection with the report, that the settlement between the parties included Mr. Sillick's complaints against the Cherry street church.
The committee were accordingly discharged from the further consideration of this matter.
CHARGES AGAINST THE REY D.H. F. PRASK.
The Reverend Heran Bance, Presiding Elder of the district, presented the report and minutes of the committee appointed to consider the charge preferred against the Reverend H. F. Pease, of Willett Street Church—that in the year 1862, (then pastor of Second Street Church—that in the year 1862, (then pastor of Second Street Church—that in the year 1862, (then pastor of Second Street Church—that in the year 1862, then pastor of Second Street Church—that in the year 1862, but the year 1852 being a long conference year, the stewards of the church paid him the ext a sam of \$866, an additional month's salary. Subsequently the stewards considered that they had paid Mr. Pease too much, and called upon him to refund the extra \$68.
This Mr. Pease refused, contending that if was his due.
Under these circumstances the committee was appointed by the Rey. Heman Bangs, which reported that the Rey. Mr. Pease was not entitled to the extra sixty-six dollars, and called upon him to refund the same. Mr. Pease then paid back the disputed amount, under protest, and then preferred certain charges before this Conference against the Rey. Heman Bangs, the Presiding Elder, for maladministration of the discipline of the Methodist Epis.
Dopal Church, under certain specifications.

The question then arose upon adopting the report of the committee only passing Mr. Pease's character, on which a long discussion ensued, the members of the committee objecting to passing Mr. Pease's character, on which a long discussion ensued, the members of the committee objecting to passing Mr. Pease's character, on which a long discussion ensued, the members of the committee objecting to passing Mr. Pease's

quarterly Conference, had any intention to impute any clime to brother Pease, and he declared that he had never thought of such a thing, nor had any intention of that kind.

Cross-examined by Mr. Perry.

Q.—What was the charge against Mr. Pease?

A.—I do not understand that crime was imputed to him, but merely a question of debt; they thought he was not ortitled to the money, and he thought he was; I understood the charge to be based on the ellegation that they had overpaid him a certain sum of money, and they reclaimed it; they imputed to him that he had held money of theirs unjustly, but not criminally; that qualification was implied in the bill of charges, of which I do not remember the exact language; there was a charge made that he refursed to refund the money; he refused because he did not ove it.

Re examined by Mr. Curry.

Q.—Lid you, as Brother Pease's counsel, see or hear any specific bill of charges on his trial. A. I do not know whether that question is intended technically or in plain common sense, Q.—Lawfully, I mean, A.—I understood that there was a complaint on the part of the Quarterly Conference that Brother Pease held money which he was not entitled to, and which was paid him by the Treasmer. I understood them to allege, moreover, that he refused to refund, and that they considered it unjustly held. The committee on the part of the quarterly Conference were the accusers. Q.—Did the accusers appear in person at the trial? A.—Two of the committee arreard on the trial as complainents, and they accused Brother Pease of holding money to which he was not entitled—one of them was Mr. Luddes; I considered the Presiding Elder as the principal accuser, because he ruled the trial should come on under a particular section of the discipline which made a clime of it. Under that section crimes charged against a preacher are sufficient to exclude him from the kingdom of grace and glory.

Charge two was then read as follows:—

"In support of this charge, Mr. Pease recalled Mr. Perry, who deponed as follows:—T

sidered.

Dr. CURRY—I am not connected with either of the parties, but it appears to me that the best plan would be to send this matter to a committee. Much time will be consumed in going through the testimony and hearing discussion upon technical points, which must arise in a trial of this kind. I, therefore, move the reference of this matter to a committee.

trial of this kind. I, therefore, move the reference of this matter to a committee.

Rev. Mr. Fr. ov.—1 think that would be time lost, particularly if we send it to a committee, and that committee is treated in the same manner as one has been very lately. We prefer it should go on in open conference.

Dr. CURREY withdrew his motion.

Roy. Haman Bangs—I am here the accused, and I am andy to answer any accusation that may be preferred

A.—I do not know that any essential part of the trial was excluded.

Question by Dr. Bancs—Was anything recorded in that trial that was not true?

A.—No, sit.

Q.—Did you record the truth as it came up before you?

A.—No, sit.

Question by Rev. Mr. Norms—Do you mean to say that the presiding officer at that trial refused to allow you tenote upon your record that exceptions were taken against his ruling, or that he refused to allow you to place the exceptions themselves upon the record?

A.—Both. I wish to add that in one or two cases I think I was directed to make no record, because it was irrelevant, and did not relate to the case—neither of the testimony offered, objected to, or ruled out, or the exceptions taken to the ruling.

Cross-examined by Mr. Bance—There was a protest offered by Mr. Pease or his counsel, but I cannot give the character of it; I do not remember the remarks of the committee upon that protest; the presiding officer refused to place it upon record; I think he gave his reasons for it, but I cannot tell what they were; it was entered on the minutes that the protest was offered.

Q. (by P. Bance)—Was any part of the testimony excluded that the committee considered necessary for a just decision upon that case?

A.—Not to my knowledge. sinct me. der. Mr. Cunny—I have only one yote, but I should be

cord of what I was instructed to write down. (Question repeated.)

The Bishor—The question is not proper as to what "he considers," but any facts as to the matter are proper.

Dr. Boan—Are the records of the trial as now before the Conference, correct records of all the transactions occurring at the time of the trial.

A—No, sir.

Q—Is that categorical?

A—I do not know that any essential part of the trial was excluded.

Opention by D. Barrow W.

Brother Pease for the year?

A = 3800.
Q = Has be received more than such allowance?
A.—Yes.
Q = How much more than such allowance has he received?
A = 366.66.
Q = What is the moral character of the whole case?
A.—The Committee think that it was an error in Brother Pease to represent to the Treasurer of the Board of Stewards that he was deficient in the first year's salary; that it was improper for him afterwards to receive the mency; that his treatment of the committee appointed by the second Conference to wait upon him, was discourteous and objectionable, and his refusal to pay the money improdent and censurable.
Q = What shall Brother Pease be required to do under the circomstances?

Q—what shall Brother Pease be required to do under the circumstances?

A—He shall, within thirty days, refund to the trea-surer of the Board of Stewards of the Second street Methodist Episcopal church the sum of \$66.66. In view of the whole of this case, the committee give it as their judgment, that, in the language of the pre-siding effects at our last Conference the conducted

is as their judgment, that, in the language of the pre-siding efficers at our last Conference, the conduct of frother Pease calls for admonition from his superiors in office. In this the ommittee are unanimous. New York, Dec. I, 1852.

Rev. Mr FOND, called and examined by Mr. Pease—I saked Brother Ludlow whether he, on the part of the Quarterly Conference, had any intention to impute any time to brother Pease, and he declared that he had ever thought of such a thiog, nor had any intention of that kind.

serry to proceed to try a person when his witnesses are not passeent. It would be a very strange proceeding.

Rev. Mr. Praxas said that a few of the gentlemen whom he wished to canmine being present, he would proceed with the case. He then opened the case as follows.—You have already listened to a statement from the Presiding Elder, which is, in part, true and in part it is not without however, designing to charge him with misrepresenting the case. At the lest year of my appointment at Second street, when the Estimating Committee meads their report to the first Quarterly Conference for the year, the chairman of that committee reported that the estimate for the calendar year was \$800, and the report was adopted. When that report was made, the peculiarity of its phrasociogry, as teatined to by my presecutors, induced the Presiding Elder. Dr. H. Eangs, to make a remark inquiring why it should be for the calendar year instead of the Conference year, as their report had heretofore been for the Conference year, as their report had heretofore been for the Conference year, as their sport had heretofore been for the Conference year, as their own him to consequence of the Conference testify. Upon that report the stewards acted, and unanimously agreed that it obliged them to pay an extra month in consequence of the long year, and they old pay me the extra monet. In the never asked the Estimating Committee to make me any such estimate, nor the Quarterly Conference to adopt any such report, nor the stawards for the money attent was adopted. It was done entirely upon their past. They made the estimate, and the Quarterly Conference for heavy quarterly Conference for heavy quarterly Conference, and past me the money attent was adopted. It was done entirely upon their past.

It was done entirely upon their past they are also the had the right to pay for the extra month; and then, at the carrierly Conference of the present of the committee has head made and such estimate. The matter was the submit of the past the strength of the of the Discipline.

Part of the following letter was then handed in by Mr. Peare and read:

DHAR BROTHER PEARE—I send you the enclosed, as the doings of the quarterly meeting of conference of the Second street church. I was fearful, as I informed you, that unless you could accommedate this matter, it would come to this. I deeply regret it, both upon your personal account and the cause of Christ, which will suffer by an investigation before a committee, however innocent you may be in the businees. I trust you will endeaver to satisfy these brothern, and settle between yourselves in a private way, but if you cannot, then I must call the committee, as provided for in the Discipline to examine and settle the dispute. If you do not settly the difficulty between you, I will call a committee to meet at Second street church, on Monday, Nov. 29, 1852, at 20 clock, and you will be present, and all others concerned, to attend said committee. Yours, affectionately,

Mr. H. Bands asked for the reading of the remaining pertion of the letter, which is as follows:—'There is one thirg more, which I am desired by Brother Ludlow to mention to you, viz: that you stated that he and one or two others, whose names I do not recollect, had acted together to cheat you out of \$66.65 and that you must give it back, or he would feel it his duty to presente it against you. This is the substance of what he said, if not the very words. Do, dear brother, see to this matter without delay.''

Mr. Praxe presented another letter from Mr. Bangs, containing the inding of the committee, as follows:—Q.—What was the actually estimated allowance of Brother Peace for the year?

A.—\$400.

Q.—Has be received more than such allowance?

Ber. Mer. Born turther wesselse for Ne. Paum.—The chairman suit these missakes were his own, and he would to with them as he pleased; he said so in as many words.

store; be said he was stuck; the prisoner stood in the store with a knie in his hand; it was a knife such as is need to cut meat with; from the time I first went into the store I saw no one about except the deceased, the prisoner and two females, and they all went away be fore the affray took place; I set Lawler down on the store steps; a man was passing at the time I told him the deceased was stabbed, and requested him to go for a policeman; the officers soon came and took charge of the deceased, the police then arrested the prisoner and took me also to the station house; when I went back to the store I saw the prisoner behind the counter washing his bands; he had blood on the sleave of his coat; I did not see the prisoner strake the deceased with the club; but when I turned around I saw the deceased on his knees, and the prisoner standing by him with his club in his hand.

C. R. Agnew, sworn, says—I am one of the house surgeons in the New York Hospital; the deceased was admitted on the 24th host, with a wound on the back between the revealth and eighth ribs, about an inch and a half to the right of the spinal column, from which bloot was flowing freely; in the cause of a few hours symptoms occurred which made it certain that the wound extended into the cavity of the chest; the case progressed unfavorably until ten o'clock on the evening of the 26th inst., when death ensued; I made a post mortem examination of the body, and found the right side of the chest was nearly filled with blood and serum, and the wound, as I suspected, had entered the cavity; the left lung was found to be inflamed; these injuries produced death.

On the above evidence the case was submitted to the jury, who, after deliberating for some time, expressed their inability to agree upon a verdict in consequence of them having conscientious scruples in finding a verdict of a character involving the life of a man. The coroner thereupon discharged them, and empanneded another jury. The evidence, as above taken, was then read to them, and the fo
